

## A SPLENDID CEREMONIAL.

The Second Inauguration of President McKinley Will Eclipse All Former Efforts.

MILITARY WILL BE THE MAIN FEATURE.

The Citizens of Washington are Putting Up a Fund of \$50,000 to Make it a Record Breaker—The Navy, For the First Time, Will Participate.

New York, Dec. 25.—President McKinley's second inauguration on March 4 next, will be marked with a ceremonial splendor never before attempted in the city, says the Washington correspondent of the World. The inaugural committee, of which John Joy Edson is chairman, intends to make the inauguration a magnificent spectacle.

Military the Main Feature.

Military will be the main feature of the parade. The committee has invited state organizations to participate and from the responses it is probable that more militia bodies will be in line than ever before.

The regular troops around Washington will be brought here. The cadets from the military and naval academies will also be in attendance.

Civic bodies will be well represented, but the object of the committee will be to make the parade as military as possible. Hundreds of applications have been received from Rough Rider clubs that wish to participate.

An Innovation.

An innovation will be the decoration of the capitol and White House. Mr. Edson will ask congress to authorize the running of electric lighting wires over the White House. He intends that the capitol building, and especially the great dome, shall be outlined in incandescent globes, and that the same plan shall be followed with the executive mansion and other public buildings.

Electric lights will be placed in all the parks and reservations which are supplied with fountains.

The Inaugural Ball.

The ball of the last McKinley inauguration, which was unanimously declared the finest in the history of these functions, will be eclipsed by the one to come, which will be held in the pension office. More than \$10,000 will be expended in decorations. More than \$45,000 of the necessary \$50,000 fund has been subscribed. The Twenty-third Ohio volunteer regiment, in which President McKinley served during the war, will attend in a body. The survivors of the first republican convention, that of 1856, will ride in carriages directly behind the president.

The Reviewing Stand.

The reviewing stand from which President McKinley will witness the parade will be directly in front of the executive mansion and surrounded by a court of honor. A plan for a triumphal arch is being considered by the committee, but whether or not the arch will be decided upon is a question.

The Navy to Participate.

The navy for the first time in an inaugural ceremony will be represented. In command of Admiral Dewey all the war ships will be ordered to Washington and steam up the Potomac river.

FOR CONTEMPT OF COURT.

Gov. Pingree of Michigan Cited to Show Cause Who He Should Not be Punished for Contempt.

Lansing, Mich., Dec. 25.—On petition of members of Ingham county bar, Judge West, of the Ingham county court ordered Gov. Pingree to appear in court next Saturday and show cause why he should not be punished for contempt.

The action is based on an interview which was published in the Detroit Tribune, December 7, in which the governor bitterly attacked Judge West and Prosecutor Tuttle, of Ingham county. Attached to the petition for an order is an affidavit by the Tribune reporter, who secured the interview, which affirms that it was given for publication, and that the following day the governor informed him that the interview as printed was all right and commended its fairness.

Illinois Cattle for Liverpool.

Flora, Ill., Dec. 26.—The largest shipment of cattle from southern Illinois and probably from the State of Illinois within recent years, left this city Monday night on a special train of 27 cars over the Baltimore & Ohio Southwestern railway for New York, and from there they will go direct to Liverpool. The trainload of cattle, which number over four hundred head, and are sent by one shipper, represent a market value of slightly in excess of \$40,000.

With a Bullet in His Heart.

Chicago, Dec. 26.—The Chronicle says: "Proof that a man may live with a bullet in his heart was furnished yesterday by the operation upon Charles Nelson, who was, in 1896, the central figure in a sensational shooting that nearly resulted in his death. Under the fluoreoscope the ball in Nelson's heart could be plainly seen rising and falling with each pulsation of the vital organ. The bullet had been there many years. The shooting of Nelson made it one of the sensational episodes of Chicago."

There is a Class of People

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over \$1 as much. Children may drink it with great benefit, 15 cts. and 25 cts. per package. Try it. Ask for GRAIN-O.

Good Reason.—Grandma—"I wouldn't eat that hard apple in that way, Willie." Willie—"I shouldn't think you would, grandma. I wouldn't either if I didn't have no more teeth in you've got."—Philadelphia Bulletin.

## La Creole Will Restore those Gray Hairs

"La Creole" Hair Restorer is a Perfect Dressing and Restorer. Price \$1.00.

## Diseases of the Kidneys

U. S. SENATOR DAVIS DIES FROM KIDNEY DISEASE.

Sensor Davis made a prolonged and gallant fight with disease. The trouble, of which the kidney affection was the fatal outcome, first appeared about Sept. 20.

Trouble Stealthily Encroached.

The trouble had, however, stealthily encroached upon a vital organ, and on Nov. 11 examination of the urine proved the presence of inflammation of the kidneys.

Both acute nephritis and diabetes made their appearance, and Dr. Murphy, of Chicago, was summoned. He agreed with Doctors Stone and Lankoster as to the presence of these serious ailments in acute form, but while not making any public statement, he made known privately to some of Senator Davis' business associates his opinion that the case was hopeless.

To those, however, who were familiar with the symptoms of acute kidney troubles the bulletins held ominous information, the rapid respiration, fluctuating pulse, delirium and approaching coma telling the story of death's nearness.

will stand no trifling because no disease is so deceptive and none more fatal. Statistics show that more people die from Kidney Diseases than any other disease.

Is This What Ails You?

Does your back ache?  
Do you have scanty flow of urine?  
Do you have frequent severe headaches?  
Do you urinate too frequently either day or night?  
Have you sand, gravel, brick dust or white mucus in your urine?  
Have you dark or bloody looking urine which scalds when voiding?  
Have you dark circles around the eyes, puffiness under the eyes, or bloated appearance of the face in the morning?

Your Kidneys are Sick AND HERE IS WHERE YOUR DANGER LIES:

Kidney Disease does not make itself felt until it has secured a firm hold on your system.

Morrow's Kid-ne-oids

are made for Kidney Diseases and that they cure Kidney Diseases can be attested by a "cloud of living witnesses," three of which give voluntary testimony below:

Bright's Disease.

Bright's Disease is the final stage of kidney disease. It is due to a weak, impure condition of the blood caused by failure of the kidneys to thoroughly filter it. Poisons accumulate in the kidneys, and soon their interiors become a festering, rotten mass, giving off the virulent and most poisonous matter. This poison gets into the blood and makes it still more virulent. Bright's Disease is insidious because it exists a long time without the knowledge of its victim. It is deceptive for it deludes even on the death bed with hopes of sure recovery. It is relentless for it devastates the world, causing more death and misery than war, famine and drink combined. But Bright's Disease is no longer incurable. There is one remedy that can overcome it wherever they meet. Morrow's Kid-ne-oids cure Bright's Disease by acting on the kidneys, toning them up and strengthening them and making them do their duty promptly and thoroughly.

Heart Failure

Almost daily you read of prominent men and women, (to say nothing of the thousands of people in the every-day walk of life, of which no mention is made in print,) dying from Heart failure. The cause back of it all is—sick kidneys. When the kidneys are sick, all the other organs are affected. Dizzy spells, fainting spells, pain in the back, frequent severe headaches, falling or indistinct vision with flashes of light or floating specks are all ominous warnings of impending "heart failure." Reader, your only safety is to get your kidneys right so that they can perform their duties promptly and properly. The only remedy in which you can place implicit confidence is Morrow's Kid-ne-oids. They strengthen and tone up the kidneys, enabling them to purify the blood, clear out the obstructed passages and make heart failure impossible. Morrow's Kid-ne-oids prevent heart failure by removing the cause.

Bladder Troubles.

The urinary organs are probably the most important part of the sewage system in the human body. It is their duty to carry off the poisonous matter that the kidneys separate from the blood. It is an absolute necessity that the urinary organs be kept in good condition if they are to carry off all the poisons passed them by the kidneys. Generally speaking, the kidneys cause all troubles in the urinary organs. When the kidneys get weak or diseased they cannot properly do the work assigned them, and as a consequence they allow poisonous matter to flow back into the system and cause disease and death. By strengthening the kidneys and making them do their work promptly and thoroughly all these ills are avoided. All people who have used Morrow's Kid-ne-oids for diseases of the urinary organs are unanimous in stating that they can find no other remedy equal to them.

Rheumatism

Results from a poison the blood known as Uric Acid. Uric Acid is simply the worn-out matter in the human body that is carried by the blood into the kidneys. It is the duty of the kidneys to filter this poison from the blood. The only way to cure the kidneys to stay cured is with Morrow's Kid-ne-oids.

DROPSY

Is becoming a very common disease in these latter days, and is one of the most fearful ailments to which human flesh is heir. Dropsy is simply an accumulation of water in the system. OUT OF ITS PLACE. The water drawn from the limbs and bodies of dropsical patients only shows that the water which should have been accumulated by the kidneys and sent to the bladder was on account of disease in the kidneys permitted to flow back into the blood into the arteries. The only way to cure the kidneys to stay cured is with Morrow's Kid-ne-oids.

MORROW'S KID-NE-IDS
